

Senior Systems Consultant

The Senior Systems Consultant is a full-time position within a fast-paced, client-facing environment. This individual will be responsible for designing, deploying, and maintaining systems infrastructure for a wide array of clientele. We are looking for an effective communicator that understands day-to-day business challenges and can creatively leverage technology to deliver solutions to our clients.

Our ideal candidate is a self-motivated team player who is looking to advance their skillset and career. This candidate will highly visible within the organization and as such must be willing to mentor, motivate, and guide others.

Responsibilities

- Maintain and support systems hardware and software
- Assess, prioritize, delegate, and escalate workloads
- Handle periodic escalations from Help Desk, Network & Security Ops teams
- Consult with clients on essential and strategic technology matters
- Evaluate client challenges, propose and execute technical solutions
- Create, develop, and maintain procedural and client documentation

Requirements

- Must be willing to work in the office at least 3 times per week
- Excellent communication and interpersonal skills
- Ability to work independently and as part of a team
- Strong attention to detail, impeccable with follow up and documentation
- Motivated to improve operational efficiency whenever necessary
- 5+ years of industry, ideally with an MSP

Technical Requirements

- Experience architecting, deploying and maintaining Microsoft 365 suite including; Azure, Azure AD, Azure Files, Azure VDI, Intune, and SharePoint
- In-depth knowledge of Microsoft Exchange and Exchange online
- Experience performing mail migrations from on premise Exchange and Google to Exchange online
- Experience performing server migrations including P2V, P2C, V2C
- Ability to architect, build, and support environments utilizing VMware vSphere, ESXi, and vCenter
- Expert level understanding of Active Directory, DHCP, DFS, & DNS
- PowerShell scripting experience

What's on Offer

- Competitive salary
- 401(k) plan
- Medical, dental, life and long-term disability insurance
- Paid time off including vacation, personal, sick, and holiday
- Paid technical training and certification incentives

We are looking to add to our team immediately. Please submit your resume for consideration.
